

To the Member of the California State Assembly:

I am returning Assembly Bill 994 without my signature.

It is my understanding that changing the designated appointing authority to the Insurance Commissioner is necessary due to an internal reorganization. Unfortunately, this bill goes further by expanding peace officer status to civil investigators without the appropriate Commission on Peace Officer Standards and Training report that is normally required when changing scope and function of peace officers.

For these reasons, I am returning AB 994 without my signature.

Sincerely,

Arnold Schwarzenegger
